Yesterday afternoon word was brought to this city that Mrs. Geo. Burch had suddenly died at her residence in Skamokawa, of heart failure. The deceased had lived in Skamokawa for a number of years and was well known throughout Wahkiakum county. She was 23 years of age and leaves a devoted husband and three children to mourn her loss. The funeral will take place Saturday at Skamokawa.

President James J. Hill has gone East from Seattle, where he has been for several days this week trying to knock President Mellen's recent purchase of water front terminals in that city. The good man did not deem it necessary to visit the Portland station at this time. However, his Pacific coast deputy, Mohler, made a trip by special train to meet his master at Seattle, and no doubt got fresh instructions as to how "Oregon's" road shall be managed in the interest (?) of Portland "till he comes again."

The schools will open Monday, October 2. Pupils living west of Fourth street and belonging in the first, second, third, fourth or fifth grades, will present themselves at the new Onley school, (formerly the fire-engine house) on the corner of Fourth and Astor streets. All others living west of 12th street will go to the McClure school (the High school building). The principal of the High school, Mr. Payne, will be at the school all day Saturday, September 23, to meet pupils or parents who wish to consult with him as to course of study, grading, and text books.

A special dispatch from Tillamook to the Portland Telegram yesterday states that word was received in Tillamook yesterday morning that Delta, the 12-year-old daughter of E. K. Scovell, had been missing from her home, at Nebalem, since Tuesday evening. Searching parties were organized and her body was found at low tide in the north fork of the Nebalem river, with a stone tied to a rope around her neck. The dispatch states that Coroner Tuttle would leave in the afternoon to hold an inquest. The friends of the young lady's family residing in this city will be much shocked at the intelligence.

About the busiest place in Astoria is Richard Leathers' boat shop, opposite the Astoria Iron Works, where the fishing schooner Jessie is being fitted out for her first cruise. Mr. Leathers has just finished building six dories for the schooner and when the new captain is finished the schooner will go to sea, probably the early part of next week. The surf boat of the Ft. Canby life saving station is also undergoing repairs and the finishing touches are being put on Northwick's new steamer. Besides this, quite a lot of small work is going on. The men employed at the boat yards are always busy, and Mr. Leathers reports that he has done more work this spring than ever before.

Between noon and 1 o'clock yesterday Lawrence Nicholas, the 11 year old son of H. M. Lornsten, secretary of The Columbia River Fishermen's Protective Union, was drowned near the Clatsop mill. It appears that the boy, who worked in the box factory of the mill, went in bathing from a floating scow with a number of other boys. Lawrence would not swim but he dived off the scow three times. The third time he failed to come up and in spite of the efforts of his companions, he was drowned. The body was in the water for half an hour before being recovered. All efforts to restore life were fruitless. Dr. Jay Tuttle was called but could not do anything as life was extinct. The boy was quite steady and industrious and Mr. and Mrs. Lornsten have the sympathy of a large circle of friends and acquaintances in their sad bereavement. Arrangements for the funeral will be made to day.

SEEING WITH OUR FEELINGS.
A physician makes the statement that we see with our feelings. There is more truth in this than the thoughtless will perceive. For instance, take a man or woman with a weak stomach which has not the power of giving the blood the nourishment it requires. The system is filled with poisonous bile. Poor blood coursing through the brain poisons and weakens it, and the sufferer is utterly incapable of enjoying beauty of any sort, or even a hearty meal. The reason the bilious and dyspeptic who takes Hostetter's Stomach Bitters finds life brighter and pleasanter, is because it cleanses the system and strengthens the stomach. See that a private revenue stamp covers the top of the bottle.

FURNITURE AT PRIVATE SALE.
During the month of September, 1895, I will dispose of my household furniture, consisting of carpets, chairs, walnut secretary, parlor organ, chamber suits and bedding, lounges, lamps, hall rack, tables, pictures, miscellaneous books, crockery, kitchen range, refrigerator, etc.
